Specifications:

Internal Length	5925 mm
Internal Width	2375 mm
Internal Height	2580 mm
Door Opening Width	2380 mm
Door Opening Height	2569 mm
Cargo Access Height	2528 mm
Cubic Capacity	36.3 m ³
Tare Weight (including machinery)	4100 kg
Max Payload	35,000 kg

Features:

- Proven Carrier Thinline 69NT40 541-403 machinery
- Double stacked Deck Beam storage capability with cargo securing devices (load locks)
- (500 kg even load distribution) Suitable for 1165 x 1165 x 150 pallets x 10
- Heavy duty reinforced T floor to withstand multi fork lift entry, coupled with aluminium scuff linings to side walls to minimise damage
- Internal safety release to rear cargo door
- Low voltage internal lighting installed
