

Containers Modified to Suit IRS REFRIGERATION

Modifications to Maximise Storage Capacity and Efficiencies

IRS Refrigeration Containers are a flexible storage solution, not just because we provide the best advice and the best value for money which ensures your Container is built to your exact specification.

Our Containers can be modified with easy opening doors, internal lights and locks, in addition we also supply containers with:

- Meat rails
- Pipe storage
- Windows and doors
- Access ramps
- Standard or customised shelving
- Additional security, locks and bars
- Air circulation, ventilation whirly birds, air conditioning
- Painting to suit environment or corporate/promotional colours
- Living and office accommodations
- Two zones—cool rooms and freezers
- 415 and 240 volt options
